FROM the DIRECTOR...

I have always appreciated the generations of CMPL Library Boards that have placed facilities sustainability high on the list of goals when developing a new library building. While high quality finishes such as terrazzo, wood paneling, quartz and stainless steel have a cost, the payback is in materials that hold up and still look good many years and uses later. Can you believe the Main Library will be 20 years old this year? Neither can many of our visitors, some who even think the building is still brand new!

While the Library Board members also strove for efficiency in operational costs, a new level of environmental sustainability was incorporated into the North Branch that opened in 2021. To start, the North Branch has a geothermal heating and cooling system that leverages the Earth’s stable temperature of around 55º. In the summer, liquid glycol circulates through three circuits in 54 wells that go 300 feet into the ground (over six times the height of the top of the dome). Heat is transported into the earth and dissipates back to 55º, which in turn is used for cooling the air in the library. In the winter the process is reversed and the liquid absorbs heat in the ground to 55º, reducing the job of the boilers to heat the air.

The North Branch has many features to help with water quality including radiant heat on concrete areas close to the building eliminating the need for calcium chloride in the winter and detention forebays that help slow the runoff of water during storms as well as to filter it. The east side of the building features several areas of native plants and landscaped areas that will have a more natural look in contrast to the mowed areas of grass. The goals are to supply food for pollinators such as bees and butterflies, but also to reduce the use of fertilizers and weed control that can end up in the McBride Drain and ultimately Lake Saint Clair.

Both the South Branch and North Branch use LED lighting throughout which is much more efficient than the fluorescent and halide lights currently in use at the Main Library. As the Main Library is due for updates in the next couple of years we will be taking a close look at how we can bring it in line with our other facilities to keep not just the building but to help with environmental sustainability for decades to come.

We look forward to serving you and your family soon!

Tiny Art Show

Sat., Feb. 4-Tues., Feb. 28 | South Branch
Display your artistic talents in our Tiny Art Show to be held at the South Branch. Be creative, have fun, you may use your own materials if you so desire.

- Register Jan. 1-14 to reserve your kit.
- Kits may be picked up Jan. 16-23 at the CMPL location that you select at registration.
- Return your masterpiece Jan. 26-31 to any location.
- Visit the Art Show displayed in the South Branch showcase Feb. 4-28.

Paintings will be returned after the Tiny Art Show. This program is for adults, teens, and children over 8. Register each family member separately. This is not a juried art show; no prizes will be awarded. Questions? Call (586) 226-5073 or email southbranch@cmpl.org.
Upcoming Collection Changes
Over the next year or so we will be making some changes to our nonfiction book collections. If you’ve visited the Children’s nonfiction area at the Main Library you have seen how we’ve divided the books into categories. We’re expanding this model for all our Adult and Children’s nonfiction books at all locations. At the North and South Branches, the Children’s and Adult nonfiction books are currently shelved together. These collections will also be separated. Staff will be on hand throughout the process to answer questions, explain the changes, and help you find your next favorite nonfiction read!

Poetry Contest
Jan. 2-March 31, 2023 | All locations
In spring we will once again partner with Tomlinson Arboretum committee members to create a Poetry Walk in the Arboretum. This year we’d like to display your poem in the park! One poem will be selected from each of three grade level categories, plus adults. See our website and social media for more information!

- Poems must address the theme of trees or nature in general.
- Each line of the poem should be less than 40 characters and the poem must fit on an 8 x 14 inch page at 18 point font.
- Poems are due on or before March 31.
- Poets whose work is selected to be posted in the Arboretum will receive a $20 Barnes & Noble gift card.

We would like to thank the Macomb Township Board of Trustees for the recent appointment of James L. Veal, Jr., to the Library Board. Welcome, James!

James and his wife Angela have been residents of Macomb Township for the past 18 years where they raised their three sons, Aaron, Nicholas, and Zachary. As frequent users of all three of the library’s facilities and attendees at many programs, the Veal family was recognized as library “Super Users” and was asked to be part of the dedication ceremony of the South Branch in 2014. Of course, they were also excited about the new North Branch opening closer to home and attended both the groundbreaking and dedication of that building, too.

James is a mechanical engineer by profession and currently leads the body structures design team at General Motors for the 2022 GMC HUMMER EV Pickup and 2024 GMC HUMMER EV SUV. He holds a bachelor’s degree in mechanical engineering from the Massachusetts Institute of Technology and a master’s degree in mechanical engineering from the California Institute of Technology. He even has one patent pending!

James attends Welcome Missionary Baptist Church in Pontiac where he has been an active member for 23 years. He was ordained as a Deacon in 2014 and currently serves as the Deacons Ministry treasurer. He is a co-leader of his church’s Men and Boys Advancement STEM activities and Vacation Bible School Teacher for Pre-teens. Additionally, he volunteers as a recruiter and interviewer for prospective students in the Southeastern MI area who have applied to MIT. His hobbies include traveling, cooking and spending quality time with family and friends.

James values CMPL as a “jewel” not only for this community, but as a great example of what a library system can be for other up and coming libraries.

Registration is required for all events unless otherwise noted. See page 6.
A new year means a new reading initiative at CMPL! 1-2-3 is one topic, two communities and three books suitable for various ages about one topic. Our goal is to provide our communities with forums to learn about, think about, and discuss challenging contemporary issues. This year we will provide intentional programming centering on climate change.

We have selected a picture book, middle grade book, and adult nonfiction book that focus on our theme. Book discussions will take place for teens and adults. We will also offer additional programs on climate change. We have selected the following books:

• *The Tantrum That Saved the World* by Megan Herbert and Michael E. Mann
• *Dry* by Neal Shusterman and Jarrod Shusterman
• *The Story of More: How we got to climate change and where to go from here* by Hope Jahren

Read on regarding the programs and events we have scheduled through April to help you learn more about climate and how you can help the planet.

**Programs for Kids**

**1-2-3 Climate Change for Kids**
**Sat., Jan. 7 at 2:30 p.m. | South Branch**

**1-2-3 Climate Change Teen Book Chat**
**Wed., April 19 at 6:30 p.m. | South Branch**
Join Teen staff to chat about *Dry* by Neal Shusterman and challenge yourselves against the elements to see how long you would survive a water crisis. Join us for this hybrid book discussion/role playing session where we test your choices to survive our own fictional water crisis.

Registration is required for all events unless otherwise noted. See page 6.
PROGRAMS FOR ADULTS

Mending 101
 Tues., Jan. 24 at 6:30 p.m. | Main Library
Don’t 86 it - Fix it! Replacing a button, patching holes, sashiko mending and knitwear darning will all be covered in this overview of mending techniques. The EPA estimates that 13 million tons of clothing and footwear were thrown out in 2018. Let’s reduce our need to shop and learn to repair our clothing. All attendees will receive a resource list, and may bring a piece of clothing they’d like to save to get advice on how best to mend it.

Simple, Serious, Solvable with Chris Edwards: Climate Change as of 2023
 Wed., Jan. 25 at 6:30 p.m. | Zoom
Wed., March 22 at 6:30 p.m. | Main Library
Chris Edwards, a familiar face to Detroit viewers having served as chief meteorologist for Fox-affiliate WJBK, presents this excellent introduction to climate change including the facts and history, focusing on the science behind the topic and impacts localized to southeast Michigan. Join us to explore the significant challenges we face and learn more about what each of us can do. The March event will be an in-person encore of the virtual program presented on Jan. 25.

Sierra Club Climate Series
Gerald Hasspacher, co-chair of the Sierra Club Southeast Michigan, will present a four-part series on how climate change is impacting natural resources. Attend one or more.

Climate Change and Water Resources
Wed., Jan 11 at 6:30 p.m. | Main Library
The first session of this series on natural resources focuses on water quality. Mr. Hasspacher will approach local water quality issues through a global lens. This presentation will help attendees better understand local water resources in a changing climate.

Climate Change and Land Resources
Wed., Feb. 22 at 6:30 p.m. | Main Library
The second in the series explores how climate change affects land resources. This session focuses on how increasing temperatures and decreasing water resources negatively impact the ability of the land to provide sustenance for humans, animals, birds, insects, and plants.

Climate Change and Air Resources
Wed., March 8 at 6:30 p.m. | Main Library
The third in the series, Climate Change and Air Resources, will focus on the permanent addition of greenhouse gases as it relates to air quality.

Climate Change Review & Conclusions Series: Earth Day Special Edition
Sat., April 22 at 10:30 a.m. | Main Library
Celebrate Earth Day with a general overview of the topic, ideas for audience members to help mitigate climate change, and suggestions for how to communicate about this challenging topic. Please join us to learn more details on the importance of saving the Earth.

Registration is required for all events unless otherwise noted. See page 6.

**A year-long reading challenge for adults**
From January 1 to December 30, 2023, challenge yourself by reading six books from the following eight categories:

- Read the 1-2-3 book for adults: *The Story of More: How we got to climate change and where to go from here* by Hope Jahren
- Read a book from the May or September 2023 Chapter One handout.
- Read a book set somewhere you’d like to visit.
- Read a book set in the decade of your childhood.
- Read a book about a book or library.
- Read a book by a Michigan author.
- Read the first book in a series.
- Read a book that is the inspiration for a movie or TV show you loved.

Residents of the CMPL service area who complete six prompts are entered for a completion pin and an entry into a raffle for a basket full of gift cards for a night on the town courtesy of CMPL. After you’ve finished, visit any CMPL location to claim your prize. Please note: You MUST read six books to be entered into the prize drawing. The winner will be notified in early January 2024.

**Program Registration Information**
Registration is required for all programs. A library card is required for registration. Priority registration is given to residents in our service area and opens two weeks prior to the event. For online and hybrid programs, you will receive an email with details about how to join via Zoom prior to the start of the program.

You may register online at [https://cmpl.libnet.info/events](https://cmpl.libnet.info/events) or call us at (586) 226-5000 to have us register for you.

For the safety of our librarians and your fellow program attendees, we ask that anyone who is experiencing symptoms of, or has been recently exposed to, COVID-19 to please refrain from attending library programs in person. Thank you for your cooperation.

Programs for Adults

Our Island Jewel: Detroit’s Belle Isle Park
Mon., Feb. 6 at 7 p.m. | Main Library
Often called the crowning jewel of Detroit’s riverfront, Belle Isle has a long and storied history. The park has hosted world class sporting events, musical performances, and family parties. It has also witnessed massacre, riot and military incursion. But for a few twists of fate, this beloved island might have been a much different place. This program is presented by Brendon Roney, Manager of Digital Projects, Detroit Historical Society.

We Found Our Roots!
Mon., March 6 at 3 p.m. | Main Library
Hear genealogical quests from everyday people. Their journeys will make you laugh, maybe cry, and learn a surprise or two as we explore genealogy.

Spring Cooking
Tues., March 21 at 6:30 p.m. | South Branch
Mary Spencer from TASTE will prepare a few Spring dishes. Samples of the recipes will be served.

Lighthouses and Lifesaving on the Great Lakes
Mon., March 27 at 7 p.m. | Main Library
Some of our best historical images of legendary Great Lakes lighthouses come from vintage postcards. Local historian Linda Osborne-Cynowa shares her favorite postcard images of these iconic landmarks.

Arrgh: A History of Piracy on the Great Lakes
Wed., April 19 at 3 p.m. | North Branch
Join us for a historical and cultural re-examination of piracy on the Great Lakes. No parrots or peg legs included but expect a healthy dose of thievery, mutiny, and other unsavory tales. This program is presented by Ellen Kennedy, Education & Visitor Experience Director, National Museum of the Great Lakes.

DIA Bus Trip
Thurs., April 27 at 12 p.m. | Main Library
Join us on a bus trip to the Detroit Institute of Arts. A bus from the DIA will pick us up at the Main Library and take us down to the museum to explore the galleries. Participants must be 55+. We will be at the museum until 3 p.m. and will return around 4 p.m. Registration begins March 27. A minimum of 25 people must be registered by April 13 in order to secure the bus.

Crafts for Adults

Botanical Casting: Winter
Fri., Jan. 20 or Sat., Jan. 21 at 10 a.m. | North Branch
Gather and bring to class a few small, fresh botanical sample(s) from nature to make a plaster bas relief casting. Get out and enjoy the beautiful natural world! Need ideas for your casting? Winter is a great time to find holly, pine needles, cedar sprigs, spruce, juniper clippings, and other conifers. Given the unpredictable winter season, some samples will be provided if you cannot locate any botanicals on your nature walk. This program does require drying time so you will need to return to pick up your finished piece of botanical art. The same program will be held on two dates; please sign up for only one session.

Virtual Lotus Flower Lantern Craft Workshop for Adults
Mon., Jan. 23 at 2:30 p.m. | Zoom
Let us celebrate the Korean New Year at CMPL by making a lotus lantern and learning about Korea. The Korean Spirit And Culture Promotion Project (KSCPP) will provide a lesson on how to make a lotus lantern with step by step instructions. In addition to this lesson, KSCPP will provide information on Korea by showing a short documentary film. Upon registration, stop by the Adult Nonfiction Desk at the Main Library to collect your lantern craft kit. One kit per person.

Alcohol Ink Sunset Painting
Fri., March 24 or Sat., April 1 at 10 a.m. | North Branch
Ah summer dreamin’! Create an alcohol ink sunset on tile. Please wear old clothes; this program could be messy. This program does require drying time and the application of a fixative spray so you will need to return to pick up your finished tile. The same program will be held on two dates; please sign up for only one session.

Crafts for Our Planet
Sat., March 25 at 1:30 p.m. | South Branch
Plants give us oxygen and help clean the air. Make a seed heart and hanging planter to beautify the community and reduce pollution.
Preschool Fair
Sat., Jan. 28 at 10 a.m. | Main Library
Will your child be heading off to preschool next fall? How do you decide which preschool program is best for your child? The Clinton-Macomb Public Library wants to help you with this important decision when we host the annual preschool fair. More than a dozen area preschools will have displays showcasing their programs and a representative to answer questions. Come by any time during the morning to learn about these schools.

Celebrate MLK Day
Mon., Jan. 16 at 2:30 p.m. | North Branch
Children, ages 3-12, are invited for a story and craft to celebrate the life and contributions of Martin Luther King, Jr.

The Kids’ Table: Adventures in Healthy Cooking
Sat., Feb. 11 at 10 a.m. | Zoom
Join us to make Sweet Potato Smoked Gouda Mac and Cheese! For kids 8-12, with adult supervision. This program is intended for children to practice food preparation skills. The amount of supervision/assistance/support needed is specific to each family, based on a variety of factors, including the age, experience, skill set, and maturity. Each family should determine with their child in advance what the child is allowed to do on their own, and when they need to ask for help.

Bree Paulsen, Graphic Novelist
Mon., Feb. 20 at 2 p.m. | Zoom
Join us on Zoom as graphic novelist Bree Paulsen discusses what it is like to create and publish a graphic novel. Bree is the author and illustrator of *Garlic & the Vampire* and *Garlic & the Witch*. This program is for ages 7-12.

Morning Movies with Hoopla
Wed., Feb. 22 at 10 a.m. | South Branch
Celebrate African-American children’s authors and illustrators with a double-feature movie featuring two animated children’s stories and popcorn. Recommended for all ages. Enjoy *Going Down Home With Daddy*, written by Kelly Starling Lyons and illustrated by Daniel Min and *Saturday*, written and illustrated by Oge Mora. These animated picture books are available on hoopla.

5th Grade Battle of the Books
Sun., March 5 at 2 p.m. | Main Library
5th graders who live in or go to school in Clinton or Macomb Townships are invited to participate! You just need a team of 2-5 5th graders and an adult coach. The battle will take place on Sunday, March 5 at 2 p.m. Visit [http://cmpl.org/bob](http://cmpl.org/bob) for full rules and to get registered. Only one registration per team is required.

Toddler Yoga
Sat., March 11 at 2 p.m. | North Branch
Toddlers and their caregivers are invited to play yoga with songs, puppets and stories! Bark in downward dog, hiss in cobra pose, and flutter butterfly wings as we stretch, sing, balance, twist, bend! Fun, animated poses combine with engaging songs, puppets and stories in this yoga adventure. Please bring a yoga mat or beach towel to the program.

A2 Magic Workshop
Wed., April 5 at 2 p.m. | South Branch
Tweens 8-12 years old, join us for a magic workshop where you’ll learn some awesome, yet simple tricks to amaze your family and friends. All props and materials will be provided.

Registration is required for all events unless otherwise noted. Register online at [https://cmpl.org](https://cmpl.org) or call us at (586) 226-5000 to have us register for you. See page 6 for full details.
STEAM Activities
