

### **Policy Statement**

The library board believes it is important that the construction, alteration, repair and improvement of library-owned or leased facilities be completed on time and within the budget. The board also believes that harmony among the trades persons and laborers who work on library facilities is important.

---

### **Regulations**

1. All contract bid specifications involving the construction, alteration, repair and improvement of library-owned or leased facilities in which the cost is anticipated to exceed \$50,000 shall include such terms as will promote harmonious relations among all skilled trade persons and laborers employed on the project.
  2. A successful bidder must certify that he or she is able to furnish skilled trades persons or laborers who are able to work in harmony with all other contractors who are employed under the contract.
  3. The successful bidder must enter into a project labor agreement with respect to prevailing wage rates and certified skill with the Greater Detroit Building and Construction Trades Council AFL-CIO and its affiliated unions.
