

# ROCKIN' ROCK PAINTING

## Supplies Needed:

Flat, smooth, dry rock

Pencil and paper

Acrylic paint

Flat and fine point paint brushes

Paint marker or permanent marker

Mod Podge if using permanent marker to keep from running

## Directions:

1. Using your pencil and paper, sketch out some design ideas before starting on your rock.
2. Once you have your idea, using your flat brush, brush a layer of paint on the top of the rock. Let dry as you may need another base layer of paint.
3. Once paint is dry, use the marker to draw a design or write words of kindness. If you would like to, include #CMPL on the back of the rock.
4. Using your fine tip paintbrush, fill in any detail with acrylic paint.
5. Let dry completely before coating with a layer of Mod Podge.
6. Hide the rock for someone to find or give to rock to someone in need.
